Dear Sir:

RE: Application for Access
Our File FOI 2013 - 74

We are responding to the following Access Request:

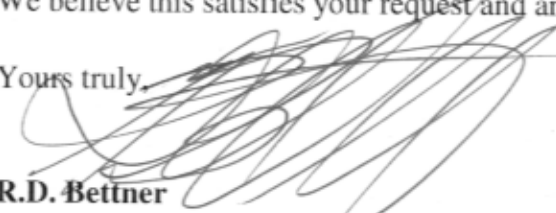

Please provide documentation on community costs, legal and consulting costs, process costs, mitigation costs and any other negotiation related costs for the Keeyask Dam, Conawapa Dam, Wuskwatim Dam and Bipole III project. Please break out the information by year, community and project. (I'm looking for an update to FOI file 2012-25).

Your request is granted.

Attached is a chart in the same format as that provided under our response to FOI 2012-25 bringing the record to June, 2013.

We believe this satisfies your request and are now closing our file.
